Karachi, Pakistan | +92 305 8101894 | mformahadkhan@gmail.com | [github.com/MforMahad](https://github.com/MforMahad) | [linkedin.com/in/mahad-khan-85683025a](https://linkedin.com/in/mahad-khan-85683025a) | [maady.netlify.app](https://maady.netlify.app)

## PROFESSIONAL SUMMARY

Web Developer with 2+ years of experience managing and maintaining websites end-to-end, from WordPress development and CMS administration to hosting, domain and SSL configuration, and deployment. Skilled in building responsive, SEO-optimized websites and landing pages using HTML, CSS, JavaScript, React, and Next.js, with a track record of coordinating directly with stakeholders to deliver and maintain production sites. Currently pursuing MS Computer Science at SZABIST.

## TECHNICAL SKILLS

**Frontend & Responsive Design:** HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, GSAP  
**Website & CMS Management:** WordPress (Theme & Plugin Customization), Shopify, Elementor, WooCommerce  
**Backend, Database & SEO:** PHP, Python, SQL (MySQL), Supabase, REST APIs, SEO Optimization  
**Hosting & Deployment:** cPanel (Hosting, DNS, SSL, Domains), GitHub, Netlify, VS Code, Cursor  
**Additional Tools:** Power BI, Microsoft Excel

## WORK EXPERIENCE

**Nexiq Lab** | Web Developer (Remote) | Oct 2025 – May 2026

- Owned design and development of responsive, brand-aligned websites for international clients, working directly with stakeholders
- Built and deployed full-stack web applications using React, Next.js and Supabase, focused on responsive layouts and performance
- Acted as primary point of contact for website delivery, managing client coordination, documentation and ongoing site updates
- Managed website hosting, domain configuration, DNS and SSL setup, and deployment workflows across multiple live client sites

**Logic Tech Pvt. Ltd** | Web Developer (Intern → Junior → Developer) | Mar 2024 – Jul 2025

- Started as an intern building responsive HTML/CSS/JS pages; promoted to Junior Developer within the same tenure
- Developed and maintained full WordPress websites, including custom theme and plugin customization, for multiple clients
- Improved website responsiveness, load performance and cross-browser compatibility across multiple production sites
- Collaborated with cross-functional teams managing issue tracking and workflow documentation

## SELECTED PROJECTS
